

WHO SHOULD ATTEND?

- Physician Assistants
- Nurses
- Medical Assistants
- Headstart Health Coordinators

What is the purpose?

To enhance the knowledge and technical ability of health and child care providers in the audiometric screening process for children.

All persons administering a pure tone audiometric screening test must have completed a training course in screening audiometry from the State Department of Health Services, or through a program approved by the State Department of Health Services, and received a certificate.

If a screener has not administered a hearing screening test within a year of their training course, the screener must repeat the training.

Is accreditation offered?

The Kern County Public Health Services Department Nursing is approved as a provider of continuing education by the California State Board of Registered Nurses, Provider #000852. This activity has been approved for 4 credit hours.

Registration fee for LVN's, RN's, PHN's:

\$4 for Non-Public Health Service
Department (PHSD) Nurses
Free for PHSD nurses.

EXACT CASH ONLY

Who are the Presenters?

Video Presenter

Steve J. Rawiszer, Audiologist, is a hearing conservation specialist with the State Department of Health Services CHDP Program. He has extensive experience facilitating hearing workshops throughout California. His workshops and follow-up practicum have received outstanding reviews by participants. He has assisted hundreds of CHDP providers in meeting state qualifications to perform puretone audiometric screenings.

Training Proctor

Susie Hallmark graduated from CSU Fresno in 1984. She worked 22 years for Catholic Healthcare West, Mercy Hospital in a variety of nursing positions. She was a Clinical Instructor for the Bakersfield College Nursing program. She has dedicated the last 18 years to being a Credentialed School Nurse. She is working with special needs children at the Richardson Center with the Kern County Superintendent of Schools. Sharing knowledge and improving health awareness in our community has always been her passion.

Workshop objectives

- To improve technique
- To improve reliability
- To introduce the latest technology in equipment
- To increase the number of successful screenings

Workshop objectives

- Apply audiometry techniques
- Record results of hearing screening and management of follow-up of those children with possible problems
- Understand the requirements for CHDP screenings.
