

Mobile Intensive Care Nurse (MICN) Accreditation

EFFECTIVE December 21, 2018

The Mobile Intensive Care Nurse (MICN) Accreditation program is an eight (8) hour training program for California Registered Nurses with valid ACLS certifications that are interested in obtaining Kern County MICN accreditation. The course of instruction is designed to provide students with the necessary information to function as an MICN in Kern County.

This course includes a thorough overview of the Kern County EMS system. Topics discussed include: State EMS Systems, Kern County EMS Division, medical control and quality improvement strategy, EMT-I and Paramedic Scope of Practice, detailed education in Paramedic Treatment Protocols, Kern County Medical Communications System, Kern County Med-Alert System, biomedical communication principles, and MICN/Paramedic ALS communication scenarios.

The course is concluded with the MICN accreditation examination. Upon completion of 16 hours of paramedic ambulance ride time, four ALS level communication cases under the supervision of a certified MICN, and completion of basic MICN accreditation application requirements, the individual is accredited as an MICN for Kern County EMS. Eight (8) BRN continuing education contact hours are issued for completion.

MICN Accreditation

ALL ITEMS BELOW MUST BE CHECKED BEFORE ACCREDITATION CAN BE COMPLETED

- Completed and signed application Form https://kernpublichealth.com/wp-content/uploads/2018/05/livescan_MICN.pdf
